

Activity 2: Institutional Goals

Facilitator: Sung-Ji Schmidt

Review the handout on the table of thematic ideas developed at yesterday's leadership convening.

As a group, think about the values discussed in Task 1 and come to consensus of three goals you would want to prioritize as we think about the College's future.

Reviewing the handout and values discussed in Task 1, what are the three goals you would want to prioritize as we think about the College's future?

Group Task 2: Thematic Goals for Prioritization

Come to consensus in your group on which three of the following thematic goals you would want to prioritize as we think about the College's future:

- College of Marin meets the educational needs of all members of the communities we serve, by proactively and responsively ensuring what we offer, how we offer it, and when we offer it results in equitable attainment and employment outcomes.
- College of Marin is an indispensable partner in solving larger community inequities such as housing, transportation, and other basic needs.
- College of Marin fulfills its mission by living shared values such as inclusion, equitable outcomes, innovation, collegiality, and excellence in all we do.
- College of Marin engineers flexibility and rapid responsiveness into its policies and actions.
- College of Marin is fully accessible to everyone, including transportation, facilities, services, technology, and inclusive pedagogy.
- College of Marin is a local leader in climate justice via curriculum & net zero emissions.
