SPRING 2020
JAN 18–MAY 22

Dear Students, Prospective Students, and Community Members,

Throughout its 93-year history, College of Marin (COM) faculty and staff have remained committed to helping students develop skills that can translate to success in the classroom, their careers, and life in general.

Each year, COM prepares students for transfer to four-year institutions, helps keep the local economy thriving through job training and skill enhancement, and provides lifelong learning and cultural enrichment opportunities for the community.

Wherever you are at in your educational journey, COM is here for everyone—find where you fit in!

Sincerely,
David Wain Coon

How to Enroll

See enrollment priority dates for spring 2020 online at es.marin.edu/registration/enrollment-priority.

Para información en español, visite la oficina de ESL.

Open registration for all students is Nov. 1, 2019.

Students may register online at mycom.marin.edu or in person. Students may add classes to their program online until the first class meeting.

Note: You may upgrade your priority registration date by completing the steps outlined online at es.marin.edu/registration/enrollment-priority. Don't delay. Register early to have the best choice of classes.

Continuing Students: To view your priority registration date on the MyCOM Portal, go to the Student Tab, then follow the Enrollment Priority link on the student dashboard.

New and Returning Students—Enrolling at COM is Easy

If you have never enrolled for credit classes at COM, or if you are enrolling after an absence of a year or more, please follow these simple steps to enroll.

STEP 1

Apply Online for Instant Admissions:

www.marin.edu

Student Identification Number: Students will be assigned a COM student identification number (M00).

STEP 2

Meet with an Academic Counselor:

- Schedule a counseling appointment online through the MyCOM Portal, call Counseling Services at 415.485.9436; or stop by KTD SS 212 to make a counseling appointment.
- Discuss your academic goals, previous educational experience, and develop an educational plan for selecting your courses.
- Are not enrolling in English, ESL, math, or any course that has these subjects as a prerequisite.

STEP 3

ESL Students:

- A M00 number is required to take COM placement tests.
- Schedule an appointment for a credit ESL placement test through the MyCOM Portal or call the Assessment and Testing Office at 415.485.9469 to make an appointment for one of the **ESL Workshops** listed online at esl.marin.edu.

STEP 4

Complete the Student Orientation online or attend a Student Success Workshop Orientation for Native Speakers:

- Take the Student Orientation online through the MyCOM Portal.

or

- Call Counseling Services at 415.485.9432 to make an appointment for one of the Student Success Workshop Orientations.

For ESL Students:

- Call the Assessment and Testing Office at 415.485.9469 to make an appointment for one of the **ESL Orientations** listed online at esl.marin.edu.

STEP 5

Register for Classes:

See enrollment priority dates for spring 2020 online at es.marin.edu/registration/enrollment-priority

Open registration for all students is Nov. 1, 2019.

After your application has been processed, you will receive a welcome letter via email from portal.activation@marin.edu with your username, instructions for creating a MyCOM Portal account, and your M00 number.

You must provide a valid email address to create a student portal account.

Concurrently enrolled high school students begin registering on Oct. 31, 2019.

Prerequisites:

COM enforces satisfactory completion of prerequisite sites at the time of registration. For information, visit es.marin.edu/registration/prerequisite.

STEP 6

Waitlist Option:

When a class is full, you may place yourself on a waitlist to register for the class. If a space opens up in the class prior to the first class meeting, you will automatically be enrolled in the class and a confirmation email will be sent to your MyCOM.marin.edu email account.

STEP 7

Pay Your Fees:

- Online at mycom.marin.edu (pay in full or select a convenient payment plan);
- In person with a MC/VISA credit card, MC/VISA debit card, personal check, cash, cashier's check, or money order.
- All fees are due by designated deadlines or you will be dropped from all classes for nonpayment.

Use of Photography

College of Marin, a nonprofit California community college, reserves the right to take and use photographs, video, and electronic images of students and visitors taken on College property and at College-sponsored events for marketing and promotional purposes. Objection must be made in writing to the Office of the Superintendent/President.

TAPPING THE POWER WITHIN

College of Marin (COM) alumnus Pete Carroll said, “Each person holds so much power within themselves that needs to be let out. Sometimes they just need a little nudge, a little direction, a little support, a little coaching, and the greatest things can happen.”

As head coach of the Seattle Seahawks, Carroll applies a concept that has served him well throughout his coaching career; it’s known as the inner game. The concept is based on the simple premise that performance improves as doubt and fear are reduced.

This idea doesn’t just apply to coaches and athletes. Doubt and fear are challenges faced by many on a daily basis, and students are no exception.

COM’s **Kinesiology and Athletics Department** sees athletics as a pathway to additional opportunities and a vehicle to establish a foundation for future success in academic, career, and personal pursuits. Through this approach, a student’s passion and enthusiasm for sports becomes a catalyst for developing an inner game that keeps them on track to reach their goals.

But what does it take to sustain that initial motivation and keep doubt and fear at bay? Similar to Carroll’s approach, the nudges, direction, support, and coaching take the form of preparation, resources, and skill building.

Preparation

Knowing what to expect goes a long way in reducing fear and doubt. The Kinesiology and Athletics Department has a step-by-step process for prospective student-athletes. The checklist begins with a questionnaire for the sport of interest and also includes meeting with an athletics academic counselor and learning about financial aid, the cost of attending COM, and ways to avoid racking up debt.

Another way to get prepared is connecting with programs designed to bring students on campus prior to the start of the semester, such as Super Saturday Festival and Summer Bridge.

Super Saturday Festival takes place just before the start of the semester. The half-day event features campus tours, student orientations, workshops, and access to student services for new students.

Summer Bridge is a more intensive three-week session, which focuses on math and English skill building, college success skills, and group bonding. Students get familiar with resources provided by the College like health services, free tutoring, the Transfer and Career Center; and learning communities like Puente, Umoja, and Mapping Academic Pathways for Success (MAPS).

The connections made with faculty, staff, and their peers builds a group of people students can reach out to for support.

Resources

Learning communities at COM deepen the student connections with faculty, staff, and each other while providing specialized support.

Brian Davis (featured on the cover) plays point guard on the men's basketball team and is an Umoja learning community student.

"Being part of Umoja and the basketball team has helped me be successful because both programs are filled with caring, amazing, and wise staff," says Brian. "No one wants to see you fail here and they make sure you know about every resource available on campus to help you succeed."

Umoja is a Kiswahili word meaning unity. At COM, Umoja is a community of educators and learners dedicated to enhancing the cultural and educational experiences of African-American and other students. Committed to academic success, personal growth, and self-actualization, the Umoja Community seeks to educate the whole student—body, mind, and spirit.

The mission of another learning community, the **Puente Project**, is to increase the number of disadvantaged students who enroll in four-year colleges and universities, earn degrees, and return to the community as mentors and leaders to future generations.

MAPS is a new learning community that is part of COM's **Guided Pathways initiative**. Participating students are supported from the start to better understand their academic and career options and develop a long-term educational plan.

Skill Building

Like other students in college, student-athletes must develop time-management skills to balance their schedules. This includes attending classes, practices, and competitions as well as completing assignments, working, and making time for relaxation and self-care.

Recently, the Kinesiology and Athletics Department created an academic planner for student-athletes. This isn't your run-of-the-mill calendar with important dates, space to write a class schedule and assignments, and helpful tips. Rather, it's a planning tool to guide time management and serve as an in-hand reference for overall student success.

The department website also features time management, active reading, and essay writing modules with helpful tips and tricks to build skills in these areas.

These are only a few examples of the nudges, direction, support, and coaching that empower COM students to tap into their inner power and make great things happen.

Results

The Kinesiology and Athletics Department is realizing its vision of being a model student success program. COM student-athletes graduate and transfer at a higher rate than the general student population. Across all 11 teams, COM student-athletes had over a 3.00 grade performance average (GPA) in the 2018–19 academic year.

Upgraded Athletic Facilities

While not directly linked to academic success, improved athletic facilities add a host of other benefits to the campus community. Physical activity, on the other hand, has been linked to improved well-being and overall health.

Athletic facilities at the Kentfield Campus have been transformed over the past two years. The upgrades include new synthetic turf fields with natural cork infill; new long jump, triple jump, and high jump areas; new bleachers, dugouts, and batting cages; and new tennis and sand volleyball courts.

The College's Kentfield Fitness Center also underwent a complete renovation during the summer of 2017. The center was designed on the concept of functional fitness, meaning that the activities, workouts, and equipment are all designed to support functional movements done in real life, regardless of the individual's fitness level. Students can enroll in Kinesiology 113 to access fitness classes or work out on their own, but the biggest benefit is being able to take advantage of incredible coaching from instructors who hold master's degrees in kinesiology.
