KENTFIELD CAMPUS
INDIAN VALLEY CAMPUS

SPRING 2015
JAN 17-MAY 22

President's Welcome

Dear Students, Prospective Students, and Community Members,

Featured on the cover of this class schedule are COM students enrolled in our Court Reporting and Dental Assisting Programs, just two of our many successful workforce development programs. In addition to training more students for high-demand, high-wage jobs in the region, we are also making it easier for students to complete the programs in two years or less. General education courses are now offered during the day as well as the evening for students interested in university transfer.

Part of visioning the future of our Indian Valley Campus (IVC) is building on the success of programs that already call IVC home by expanding offerings in key programs there.

A \$500,000 career technical education (CTE) grant recently awarded to the College will help make possible the expansion of those career programs identified as critical to economic development in the North Bay. Students at IVC will see new state-of-the-art equipment and updated curriculum to keep their learning on the cutting edge of technology.

I hope you will read more about the positive growth happening at IVC on page 95. Whether you are interested in CTE, transferring to a university, improving your skills, or lifelong learning, College of Marin is a great place to improve your life through higher education. I hope that you will consider joining us at the College in the near future. If you are a current student, I wish you all the best.

Sincerely,

David Wain Coon

Other Admissions Information

First Class Meeting

Failure to attend may result in a "no show drop" by the instructor. If a student cannot attend the first class meeting, the student may request that their place be held in the class by contacting the instructor prior to the first class meeting. See Faculty and Staff Directory page on our website for contact information: <http://www.marin.edu/EmployeeDirectory>

Please note: Instructors are generally not on campus between terms.

Instructors take roll for students officially enrolled and on the waiting list at the first class meeting. By attending the first class meeting on time, students may avoid losing their place to another student.

Prerequisite Enforcement at the Time of Enrollment

As described on page 73 of this schedule, under the **Prerequisites, Corequisites and Advisories** section, by law the college requires students to satisfactorily complete prerequisite courses prior to enrolling in courses that have prerequisites.

Enforcement of prerequisites takes place at the time of enrollment, not in the classroom with instructors. Students who have not met a prerequisite will be blocked from enrolling in courses that require prerequisites.

A \$10 per semester service fee and any outstanding balance due the college will be deducted from all refunds. No service fee is charged if the class is cancelled by the college. **The service fee also applies to students who drop classes when fees have not been paid.**

Short-Term Classes

In accordance with state law, refund requests for short-term classes will be granted if the class is dropped before completion of 10 percent of the course. See drop dates for short-term classes on page 16.

Provided that no materials have been used, refund of materials fees will be granted through September 3, 2014, for full-term classes, or before completion of 10 percent of the class for short-term or summer classes.

Please note that Financial Aid Fee Waivers do not cover health or materials fees.

Financial Aid Students

Prior to refunding any enrollment fee or tuition, the district may determine if the student received federal Title IV funds during the term of enrollment. If funds were received, the refund may be held up to 30 days while the district determines if any institutional or student return to the federal Title IV programs is due under Section 485 of the Higher Education Amendments of 1998, P.L. 105–244.

If a return is deemed to be required, the amount of enrollment fee refund may first be used to meet any return obligation of the district and, if an amount of enrollment fee refund remains after the district obligation has been met, that amount may be used to meet any return obligation of the student.

If an enrollment fee refund amount remains after all return obligations have been met, the student shall receive the remainder.

The original parking permit decal must be returned with the Parking Permit Refund Request form to the Office of Admissions and Records.

Illegal Distribution of Copyrighted Materials

College of Marin students are prohibited from using the college's information network to illegally download or share music, video, and all other copyrighted intellectual property. College of Marin supports the Higher Education Opportunity Act and Digital Millennium Copyright Act, including efforts to eliminate the illegal distribution of copyrighted material. Under the law, college administrators may be obligated to provide copyright holders with information about users of the college's information network who have violated the law.

Be aware that illegal forms of downloading and file sharing, as well as the unauthorized distribution of copyrighted materials, are violations of the law and may subject you to academic sanctions from the college as well as criminal and civil penalties, including a lawsuit against you by the Recording Industry Association of America (RIAA). Learn more at www.campusdownloading.com. In addition to being illegal, file sharing drains the network bandwidth, which slows computer connections for students and employees who are using the network for legitimate academic purposes and ultimately costs the college money. There are plenty of easy, affordable ways to get music online legally. For a list of sources that offer legal downloading sites, access www.riaa.com

Subsidized Stafford Student Loans

Students who qualify on the basis of financial need may borrow up to \$3500 per year for freshman year and up to \$4500 per year for sophomore year at a variable interest rate. Principal and interest are deferred until six months after the last day of enrollment as at least a half-time student in an educational program.

Independent students who do not meet financial need criteria for a Subsidized Stafford Loan or need additional loan assistance may borrow all or part of that amount under the Unsubsidized Stafford Loan Program up to \$6,000 per year. Interest becomes due when the loan is borrowed. The repayment begins 6 months after the student is no longer enrolled at least half-time in an educational program.

*Note: If you receive a Direct Subsidized Loan that is first disbursed between July 1, 2012 and July 1, 2014, you will be responsible for paying any interest that accrues during your grace period, the interest will be added to your *principal* balance.

As of July 1, 2013, a first-time Federal Subsidized Student Loan borrower is no longer eligible for the Subsidized Student Loan program if he or she exceeds 150% of the published length necessary to graduate within an undergraduate degree program.

ENGLISH

ESL classes are listed under English as a Second Language.

College of Marin offers an English assessment testing service to provide prospective students with information to make informed decisions when enrolling in English courses. Students should prepare for the test to ensure appropriate placement. Review materials are available at the testing center.

Students are provided with their own individual test scores. Students who need help interpreting their individual placement test scores and in deciding what English courses to register for may seek assistance from a counselor.

For information about the English Assessment Test, please call the Testing Office at 415.485.9469 (located in the Student Services Center, Room 238, Kentfield Campus) for test information on both campuses. Some English skills courses are offered as individualized, self-paced instruction in the English Skills Lab (LC120/KTD or BLDG17 ROOM 100/IVC).

MATHEMATICS

All mathematics courses may be taken for a letter grade or pass/no pass.

The COM counselors can provide valuable help in choosing the appropriate mathematics course. For testing appointments call 415.485.9469. For counseling appointments call 415.485.9432.

Some precalculus level mathematics courses are offered in two modes of instruction—traditional lecture, and self-paced in the Math Lab. Except for the mode of instruction, such courses are equivalent. Traditional lecture courses have days and times listed.

In the following classes, all work shall be done without a calculator: Math 85, 95, 95X, 95Y, 101, 101X, 101Y, 101A, 101B, 103X, 103A. In the following classes, all topics except exponential and logarithmic functions and applications shall be taught without a calculator: Math 103, 103B, 103Y.

THE INDIVIDUALIZED MATHEMATICS PROGRAM (MATH LAB) Kentfield/Indian Valley Campuses–Spring 2015

These courses (Math 95XY, 101XY, and 103XY) are individualized and self-paced. Repeat testing is used. Attendance is very important.

Failure to meet required hours will affect a student's grade. Instructors and student tutors are available to help students. All of the courses are open-entry and open-exit classes. The Kentfield Campus Math Lab is in the SMN Center, Room

MEDICAL ASSISTING

129. The Indian Valley Campus Math Lab is in Building 17, Room 100.

STUDENTS WHO REGISTER FOR A COURSE IN THIS PROGRAM MUST CHECK IN WITH AN INSTRUCTOR OR INSTRUCTIONAL ASSISTANT DURING THE FIRST WEEK OF THE SEMESTER TO AVOID BEING DROPPED.

The Math 95XY sequence is equivalent to Math 95; the Math 101XY sequence is equivalent to Math 101; and the Math 103XY sequence is equivalent to Math 103. Each unit of the Math 95XY sequence requires an average of four hours weekly in the Math Lab for eight weeks or until the course is completed.

Math 101X, 101Y, 103X, and 103Y each require an average of six hours weekly in the Math Lab for eight weeks or until the sequence is completed. For example, if the student plans to enroll and earn three units of Math 101XY by the end of the semester, then the student must attend an average of six hours per week until the course work is completed. For Math 103XY it is also an average of six hours per week. A student may add one or more units any time prior to the last three weeks of the semester.

Class hours required may be selected from any combination of the supervised times listed on the time chart.

Academic Information

Catalog

Although this schedule contains a summary of important policies and procedures, students are encouraged to review the college catalog.

Catalog Rights

The specific catalog employed toward graduation and all implied rights cease after two consecutive semesters of nonattendance. Please see the catalog for details.

The current catalog is available online at www.marin.edu.

Graduation Deadlines

Apply for Degree/Certificate

Spring: February 2–March 16

Students who have met the degree/certificate requirements, met with a counselor, and have filed an Application for Graduation by the deadline date, will be eligible to receive an Associate Degree or a Certificate of Achievement.

Prerequisites, Corequisites and Advisories

Prerequisite

A prerequisite is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a particular course or program.

The college requires students to complete prerequisite courses with a grade of C, P, or higher prior to registering in the course requiring the prerequisites. Examples of courses which may require prerequisites:

- Courses for which specific prerequisites have been justified by content review, the appropriate level of scrutiny and any other validation procedures required by law (Title 5, 55201 a-f).
- Sequential courses in a degree-applicable program.
- Courses requiring a prerequisite to transfer to a four-year college.
- Courses requiring preparation to protect health and safety.
- Technical or vocational courses or programs that require special preparation.

Equivalent Course Work

Some prerequisites may be satisfied by equivalent course work from an accredited institution other than College of Marin.

Prerequisite Equivalency/Challenge Deadline for Priority Processing:

Spring: January 14

Submit a Prerequisite Equivalency or Challenge Form and supporting documentation by the deadline date for priority processing.

Corequisite

A corequisite is a condition of enrollment consisting of a course that a student is required to take simultaneously in order to enroll in another course. Courses which may require corequisites include: courses that are part of a closely related lecture-laboratory pairing requiring concurrent enrollment.

Advisory

An advisory is a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Other Limitations

Other limitations on enrollment may include:

- Courses that require public performance or competition.
- Blocks of courses for which enrollment is limited in order to create a cohort of students.

Probation and Dismissal

Standards for Probation

A student shall be placed on academic probation if he or she has attempted a minimum of 12 semester units of work and has a grade point average of less than C (2.0).

A student shall be placed on progress probation if he or she has enrolled in at least 12 semester units and the percentage of all units in which the student has enrolled, for which entries of W, I, NC, and NP were recorded reaches or exceeds 50 percent.

Standards for Removal of Probation

A student who is placed on academic probation shall be removed from probation when the student's accumulative grade point average is 2.0 or better. A student on progress probation shall be removed from probation when the percentage of units in the categories of W, I, NC, or NP drops below 50 percent.

Standards for Dismissal

A student who is on academic probation shall be subject to dismissal if the student has earned a cumulative grade point average of less than 1.75 in all units attempted in each of three consecutive semesters.

A student who is on progress probation shall be subject to dismissal if the cumulative percentage of units in which the student has been enrolled for which entries of W, I, NC, or NP are recorded in at least three consecutive semesters reaches or exceeds 50 percent.

A student who is subject to dismissal may submit a written appeal to the Dean of Enrollment Services. Dismissal may be postponed and the student continued on probation if the student completes a petition that provides evidence of extenuating circumstances and/or that shows significant improvement in academic achievement.

Readmission after Dismissal

Deadline: January 30, 2015

In order to be considered for readmission, dismissed students must:

1. Meet with a counselor and complete or update a Student Educational Plan (SEP) and submit the SEP with their Petition to Return to the Dean of Enrollment Services.
2. Submit a Petition to Return online through MyCOM. Students who fail to petition by the deadline or fail to show for their appointments will be denied and dropped from their classes.
3. Readmitted students may not be enrolled in more than 12 units. (Students may be limited to fewer units and other restrictions may also be imposed.)

Honor List

Students will be placed on a term honor list when their semester GPA is 3.0 or higher. These students may not be on probation or have any I, NP, or F grades, and must be enrolled in 12 units of letter-graded classes at the college.

Grading

In Progress Grades

An IP grade is only assigned for open-entry/open-exit classes or classes that span two terms. Students who receive an IP grade must re-enroll in the subsequent term or they will receive the alternative grade assigned by the instructor. The enrollment fee will be charged for re-enrollment.

Incomplete Grades

Students who received an Incomplete grade may not re-enroll in the same course until the incomplete work is completed and/or a final grade is posted to the student's academic record.

Pass/No Pass Option

In those courses which permit a student to be evaluated either on a P/NP or a letter graded basis, a student must select the P/NP option no later than 30 percent of the class. The grading option can be changed online until the deadline date. To receive a pass grade, course work must be C level or higher.

Note: Some colleges and universities will not grant transfer credit for courses with pass/no pass grades.

Midterm and Final Grades

Midterm and final grades will be available online at mycom.marin.edu. Check the Important Dates on page 3 for dates.

California State University General Education Pattern

Students should be aware that this list is subject to change and does not apply to the University of California System.

CSU General Education Certification

Approximately 124 semester units are required for a baccalaureate degree at a California State University, of which 48 units must be in general education within a prescribed pattern. **Thirty-nine units may be completed and certified in whole or in part at College of Marin.** The remaining nine units must be taken as upper division courses after transfer to the four year university.

Community colleges may certify no more than 30 units of general education from Subject Areas B, C, and D combined. The remaining units may be taken from Areas A and/or E.

Transfer Curriculum for the University of California and California State University

The Intersegmental General Education Transfer Curriculum (IGETC) is a program that College of Marin transfer students can use to fulfill lower division general education requirements at both the University of California and the California State University. There are other options that fulfill general education requirements, but none of the options cover both the University of California and California State University.

The IGETC will permit a student to transfer from College of Marin to a campus in either the University of California or the California State University System without the need, after transfer, to take additional courses to satisfy campus lower division general education requirements. The IGETC is not an admission requirement to the University of California or California State University. Existing campus specific admission requirements for transfer students remain unchanged.

It is not advisable for all transfer students to follow the IGETC. The IGETC is not recommended for students planning to major in Engineering, Biological or Physical Sciences, or majors that require extensive lower division preparation. Contact a College of Marin counselor for further information regarding University of California or California State University schools where completion of the IGETC is not recommended.

IGETC Certification

All course work applicable to the IGETC must be completed and certified in its entirety prior to transfer in order to be accepted by the University of California or California State University. Certification indicates that all lower division general education requirements for the University of California or California State University have been met. Courses certified for IGETC must be completed with a grade of "C" or higher. It shall be the student's responsibility to request certification when requesting the last transcript from College of Marin prior to entering the University of California or California State University system. Students should contact the Counseling department to initiate IGETC certification.

In addition to the course requirements for

each subject area, full certification for California State University must include completion of the Oral Communication Requirement. For the University of California, Oral Communication is not required, but the certification must include satisfactory completion of a Language Other Than English Requirement.

Courses taken at other institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed.

Completion of the IGETC program will be certified by the last community college that the student attends. As a general rule, IGETC can be certified for California community college transfer students who have completed transfer units at a University of California, California State University, or independent college provided that the student has completed most of the transfer units at one or more California community colleges.

Advanced Placement Test

Advanced Placement Test (APT) scores can be used to satisfy certain areas under IGETC. Please see the AP Chart listed in the current catalog. Contact a College of Marin counselor for further information regarding use of AP test scores.

Préstamos Estudiantiles Federales

Los Préstamos Estudiantiles Hay Que Pagarlos

Antes de considerar un préstamo estudiantil, es importante desarrollar un plan financiero para su educación que tenga en cuenta la cantidad total de la deuda que le será posible pagar cuando logre su meta educacional final.

Préstamos Estudiantiles Stafford Subsidiados

Los estudiantes que se califiquen en base a sus necesidades financieras pueden pedir prestados hasta \$3.500 por el primer año y hasta \$4.500 por el segundo año a un interés variable. El capital y el interés son diferidos hasta seis meses después de la fecha de su última matriculación en cursos como estudiante a medio tiempo por lo menos, en un programa educacional.

Préstamos Estudiantiles Stafford No Subsidiados

Estudiantes independientes que no se califican por sus necesidades financieras para un préstamo Stafford subsidiado, o que necesitan ayuda adicional, pueden pedir prestada toda la cantidad o parte de ella por medio del programa de préstamos Stafford no subsidiados, hasta \$6.000 por año. El interés se paga cuando se obtiene el préstamo. Los pagos del capital comienzan 6 meses después que el estudiante ya no está matriculado en un programa educacional a medio tiempo por lo menos.

*Nota: Si usted recibe un préstamo como Subsidio Directo que es desembolsado por primera vez entre el 1º de julio de 2012 y el 1º de julio de 2014, usted será responsable de pagar cualquier interés acumulado durante su período de gracia; el interés será agregado al balance de su **capital**.

Al 1º de julio de 2013, un estudiante que obtiene por primera vez un préstamo estudiantil federal subsidiado ya no se califica para el programa de Préstamos Estudiantiles Subsidiados si excede el

150% del tiempo (publicado) necesario para graduarse en un programa de título universitario (undergraduate).

College Policies

Enrollment Priority

In September 2012 the California Community Colleges Board of Governors approved a regulation to establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer to a four-year university and to reward students who make progress toward their educational goals.

Beginning fall 2014, new students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing will now have priority over students who do not meet these criteria. To be in good academic standing, a student cannot be on Academic Probation or Progress Probation for two consecutive terms. In addition, students who have accumulated 100 or more units – excluding most basic skills English and math and English as a Second Language classes – by fall 2014 will lose priority enrollment. Students who feel they may be at risk of losing priority status are strongly encouraged to see a counselor to discuss their educational plans. College of Marin's revised enrollment priorities can be found in Administrative Procedure 5055, located on the web at: http://www.marin.edu/WORD-PPT/AP5055EnrollmentPriorities_Revised4-16-13.pdf.

Philosophy

The Marin Community College District has long recognized that an academic community is harmed in many ways by the abuse of alcohol and the use of other drugs. This high risk behavior is exemplified by decreased productivity of members of the community, serious health problems, strained social interactions as well as forms of vandalism. The process of education and learning are especially impaired by alcohol abuse and the use of illicit drugs.

College of Marin subscribes to the basic philosophy of the Network of Colleges and Universities Committed to the Elimination of Drug and Alcohol Abuse, which states:

- The institutional establishment enforces clear policies that promote an educational environment free from the abuse of alcohol and other drugs.
- The institution will provide education for its members for the purpose of preventing alcohol and other drug abuse as well as educating them about the use of legal drugs in ways that are not harmful to self or others.
- College of Marin will create an environment that promotes and reinforces healthy responsible living; respect for community laws; campus standards and regulations; the individual's responsibility within the community; and the intellectual, social, emotional, spiritual or ethical, and physical well being of its community members.
- Referral to services for drug and alcohol treatment can be made by the Health Center or Counseling Office.

The foundation of the philosophy concerning alcohol and drug abuse for College of Marin is the firm commitment to an educational program which provides the adequate information and referral to help all members of the academic community to make informed and responsible decisions concerning the use of any controlled substance.

The institution is committed to a healthy environment for learning and living.

Smoking Policy

In order to provide a safe learning and working environment for students and employees, smoking is prohibited by all employees, students, and visitors at all times on any District property EXCEPT in Designated Smoking Areas. Violation of this policy could lead to disciplinary action under applicable disciplinary procedures. For a complete copy of the Smoking Policy and Guidelines, or a copy of the Student Discipline Procedure, contact the Director of Student Affairs and Health Center, Rm SS 251. Phone 415.485.9375.

Drug and Alcohol Policy—Employees

It is the policy of the Marin Community College District to maintain a drug and alcohol-free workplace for employees.

- The unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcoholic beverages are prohibited on any District property. The term "controlled substance" is defined in Health and Safety Code 11007. An exception to the above is when alcoholic beverages are produced in connection with an authorized class.

Drug and Alcohol Policy—Students

College of Marin does not permit or condone the consumption of alcoholic beverages by any individual. All local, state, and federal laws concerning the possession or use of any controlled substance are enforced. The institution is committed to a healthy environment for learning and living.

Students are specifically reminded that they are guided by the Student Conduct Policy which states the following to be incompatible with an institution of higher education:

- The use, possession, sale, or distribution of narcotics or other dangerous or illegal drugs (as defined in California statutes) on college property or at any function sponsored or supervised by the college.
- The possession or use of alcoholic beverages on college property, or at any function sponsored or supervised by the college, with the exception of when alcoholic beverages are produced in connection with an authorized class.

Legal Sanctions—Illicit

Drugs and Alcohol

Students and employees are reminded that state, and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, or distribution of illicit drugs and alcohol. These sanctions include but are not limited to incarceration and monetary fines. All reports of suspected violations will be thoroughly investigated and prosecuted to the full extent of the law.

Further information on these state and federal statutes will be maintained in the College Police Department and the Office of Student Services. Copies will be made available to students and employees.

Changes May Occur Without Notice

College of Marin has made every reasonable effort to determine that information stated in its publication is accurate, but the college reserves the right to alter fees, statements, and procedures contained herein without notice. Fees and procedures are subject to change at anytime by the State Legislature and the College Board of Trustees. It is the student's responsibility to meet and remain informed of college requirements. When changes occur, they will be printed in the next regular publication of the catalog or schedule, or posted online at www.marin.edu. Classes may be cancelled for insufficient enrollment at the discretion of the college.

Equal Opportunity/ADA Nondiscrimination Policy

The Marin Community College District is committed by policy not to discriminate on the basis of, or the perception of any one or more of the foregoing characteristics: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, or veteran status in any of its educational and employment programs and activities, its policies, practices and procedures.

Students who believe that this policy has been violated have the right to file an internal complaint or a complaint with the Office of Civil Rights.

The Marin Community College District makes every attempt to stay in compliance with the requirements of Title IX of the 1972 Education Amendments, the Equal Employment Opportunity Act of 1972 (Title VII of the Civil Rights Act of 1964 as amended), the Civil Rights Act of 1991, and Section 504 of the Rehabilitation Act of 1974, the Americans with Disabilities Act, the California Fair Employment and Housing Act of 1980, the California Fair Employment and Housing Commission Rules and Regulations, and the Vietnam Veterans' Readjustment Act of 1974.

College of Marin, under the Equity in Athletics Disclosure Act of 1994, provides information concerning the operation of its intercollegiate athletics program. A completed report is available in the Admissions and Records Office, the Library, and the Athletic Department for public review.

College of Marin Board Policy 3430 prohibits verbal, physical, visual, and sexual harassment of any applicant, employee, or student by any District employee on the basis of any category or combination of discriminatory categories prohibited by state or federal law. Nonemployees while on the District property are also expected to follow these guidelines.

It is further the policy of this District to ensure equal opportunity in all of its programs and in all aspects of employment. The lack of English skills will not be a barrier to admission to and participation in vocational education programs.

New Development Grants and Transfer Initiatives Bring Big Changes to Indian Valley Campus

IVC RECEIVES \$500,000 CAREER TECHNICAL EDUCATION EXPANSION GRANT

NOVATO—Exciting changes are underway at the College of Marin Indian Valley Campus (IVC), which has historically been the home of workforce development programs for students focused on job skills training.

In addition to expanding our offerings in key programs that will train students in high-demand, high-wage jobs in the region, the College has introduced new initiatives to help students complete job skills programs and college transfer programs in two years or less. Many of the new offerings are a direct response to requests from local high schools and employers.

“We are responding to the community,” said Nanda Schorske, executive dean of the Indian Valley Campus and Workforce & Economic Development. “We have a new initiative to support student success. Students want to complete their education and training as quickly as possible and get into the workforce. They will now be able to do all of that at IVC.”

New Transfer Student Tracks at IVC

In the past, some students had to attend classes at the Kentfield Campus to meet their transfer requirements. Not anymore. Students can now depend on having all required courses at IVC.

“We are guaranteeing that students involved in a full-time day program or evening/weekend program will have the general education courses they need at IVC to transfer to a UC or CSU school in two years,” Schorske said. “We expect to see a significant increase in the number of transfer students heading to UC and CSU campuses.”

College Receives \$500K CTE Grant

The College recently received \$500,000 to develop and expand career programs identified as critical to the North Bay’s economic development. For students at the Indian Valley Campus, that means new state-of-the-art equipment and updated curriculum for programs supporting key local economic drivers such as biotech/life sciences, information/communication technology, agribusiness, and healthcare.

In addition to traditional career programs, the College is focus-

ing on the industry sectors promising the greatest opportunity for high-wage, high-demand jobs over the next three to five years.

“The Indian Valley Campus, where we hold so many of our career and technical education courses in addition to our thriving

Community Education and lifelong learning and intensive English classes, is an important asset to the District,” said College of Marin Superintendent/President David Wain Coon. “It’s the place where we expect our programs and enrollment to grow.”

A Clear Path For Success

The College has not only redesigned course schedules to support career track students in moving through a chosen program in two years or less, but we have created Career Technical Education Pathway Sheets, new publications that allow students to see the full rotation of upcoming courses for the year ahead. Students will find the course offerings and course rotation for their program online under the IVC link for “Workforce Programs.” Transfer students at IVC will soon have Pathway Progress Sheets for their majors as well.

“Students can move through their programs more efficiently than ever,” Schorske said. “They will be able to make their plans well in advance.”

We Mean Business

Working closely with our industry partners in the community, the College has redesigned many of its work skill certificate programs to make sure the curriculum and course equipment meets or exceeds current industry standards.

“Whether you are going for specific skills certificates or picking up extra classes to advance in your career, education has a very positive impact on earning power,” Schorske said. “That’s a big deal.”

One of the new programs is the Business Office Professional Program, a Microsoft-certified office skills professional program created for students interested in advancing in their professional lives.

“This is a really exciting time for IVC,” Schorske said. “We are really taking our role very seriously in promoting economic development in the North Bay by designing our programs to provide a workforce for a thriving economy.”

Award-Winning TV Weatherman Mark Tamayo Shaped His Dreams at College of Marin

A lifelong love of surfing, biking, and the natural world led award-winning weatherman Mark Tamayo to study the skies, interpret wind patterns and clouds, and often return to College of Marin to discover new things.

"College of Marin, for me, is the one reoccurring place I keep popping back into," says the KTVU-TV Channel 2 meteorologist. "It's nice to have that as an option."

Tamayo, 40, was the first in his family to receive a bachelor's degree. A graduate of Redwood High School, his love of surfing drew him to San Diego where he shared housing with a few surfing buddies who were also serious students.

"It was the first time I saw college in action," he says. "I saw that you could create your own plan. It really motivated me."

He returned to the Marin area, to a job he had in high school at a local deli, and jumped into his academic career with both feet. He signed up for an ambitious 10 units of summer courses, then, tackled an unwieldy 23 units the next semester. He had his heart set on transferring to California Polytechnic State University, San Luis Obispo in the winter.

"College of Marin was the bridge for me to the path I wanted to take," Tamayo says. The experiences there with inspiring professors and the friendly campus "really left a mark on me still today." Speech Instructor Ron Gaiz provided constructive criticism that helped him excel in broadcast journalism.

"He cared," Tamayo says. "He wanted to see you succeed and improve." Tamayo vividly remembers Gaiz's classroom clicker that would sound loudly at every "um" or "uh." He still hears it occasionally when he says "uh."

College of Marin prepared him to work with people and under deadlines.

"It teed me up nicely for making a move to a university," he says.

Tamayo returned to the area for a university internship at KRON and once again enrolled at COM. He wanted to become a meteorologist and that meant facing down his math fears.

"Mr. Lansing had this way of simplifying things in a way and of making things not so scary," Tamayo says. "I would be in office hours asking people to explain things 10 times to me. Eventually it sinks in. For me, it was a huge accomplishment to be taking calculus."

After graduating with a degree in journalism, Tamayo came home to work at his first weather production job at KRON making graphics for the morning show. The early morning hours freed up his schedule to take the science classes he needed at COM. He worked at the deli and the TV station and began to study physics, more calculus, and eventually earned a meteorology degree at San Francisco State University.

"It was a seven-year journey and College of Marin was the constant thread throughout that connected it all for me," Tamayo says.

Tamayo has gone on to earn the highest level of certification from both the American Meteorological Society and the National Weather Association. His career has included on-air work at KVIQ-TV in Eureka, KSBW-TV in Salinas, and KRON-TV in San Francisco, before joining the staff at KTVU-TV in Oakland where

he earned a Northern California Area EMMY Award for best weather reporting in 2009 and again in 2010. The Northern California region includes media companies and individuals from Visalia to the Oregon border, Hawaii, and Reno, NV.

Tamayo says he is still surfing, mountain biking, snowboarding, and wondering about nature.

"I still have questions in my mind, which is great," Tamayo says. "Nature should always generate questions."

He serves as emcee of the annual Walk to Cure Psoriasis in San Francisco presented by the National Psoriasis Foundation and travels around the Bay Area bringing stories about the weather into children's classrooms. Tamayo is not done learning; he's thinking about taking another community college class soon.
