SPRING 2019
JAN 19–MAY 24

President's Welcome

Dear Students, Prospective Students, and Community Members,

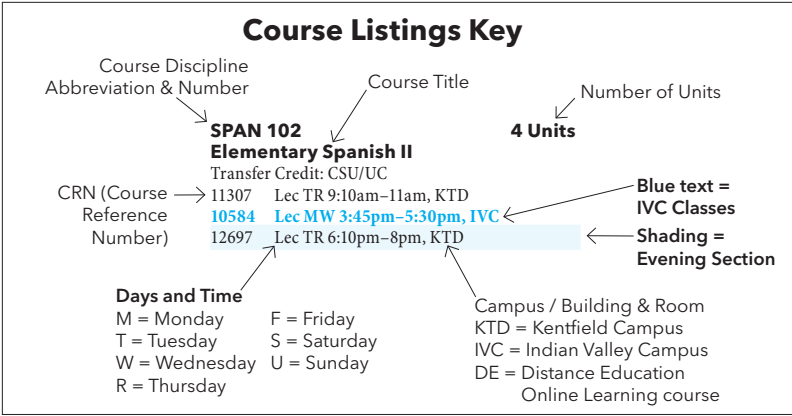

Our shared vision at College of Marin (COM) includes a commitment to place students first through equitable opportunities that are accessible to all members our diverse community.

Everyone who sets foot on our campuses is connected. This is true whether they are here to learn, work, or are simply passing through our beautiful surroundings. The pathways that lead here, and those that continue from here, have been built through collaboration, sensitivity, and compassion for the communities we serve.

We are uniquely positioned to improve the student experience and increase the positive impact on our community. As we look ahead, COM will continue to build on the energy generated when lives are transformed through education.

Sincerely,
David Wain Coon
David Wain Coon, Ed.D.

Guided Pathways

Summer Bridge prepares recent high school graduates to start classes in the fall and earns them a transferable unit of college credit. Connections made with each other, the instructors, and the staff make it easier to access services and ask for help when they need it. The result is students who are informed about their educational options and more confident at the start of the semester. Students enroll from a wide variety of schools, underscoring our tremendous efforts to create relationships with schools in the area and forge pathways to COM.

College of Marin Providing Access and Supporting Success (COMPASS) is another collaborative effort with local high schools and community partners to ensure that underserved students see college as an inevitability, not just a remote possibility. Students will graduate closer to college-ready, have more than 10 units of transferable college credit, and receive free attendance for the first year if they choose to enroll at COM. After beginning the program in 9th grade, the first cohort of seniors will graduate in June 2019.

Whether that goal is transfer to a four-year institution, earning an associate degree, or earning a certificate, **Mapping Academic Pathways for Success (MAPS)** is a pathway program designed to help students achieve their goals at COM. It does this by helping students:

- Get on a Path—explore careers, choose a major, transition to college
- Stay on the Path—personalized academic counseling, supportive learning environment
- Succeed—graduate or transfer

Affordability

With the lowest tuition in the nation, California community colleges are a great place to begin or continue higher education. Scholarships, grants, and other aid make COM an even better deal.

Career Education

Adult Education

The focused partnership between COM and Tamalpais Adult School maintains a pathway for all adult school learners to enroll in higher education. Many are first-generation college-going learners who have benefitted from COM's onsite support services.

Hospitality Management Program

In three to four semesters, students can obtain needed skills for careers in this dynamic and growing industry. The curriculum provides training with an emphasis on supervisory and management skills in the hospitality, hotel, tourism, and food and beverage environment.

High School Career Academies

In partnership with the Marin County Office of Education (MCOE), COM offers a number of industry-specific career academies for high school students. Held during summer, the weeklong, intensive academies provide focused, work-based learning experiences and an opportunity to earn college credit.

Community

Community Education and Lifelong Learning

Over 4,000 students take more than 500 classes each year for personal enrichment and career enhancement through COM Community Education. They engage in active learning with a diverse group of skilled and experienced professionals, artists, and intellectuals. Community Education's lifelong learning program meets the needs of Marin's older adults, providing discounted classes that promote physical fitness, artistic expression, and intellectual engagement.

International Education

The International Education Office welcomes over 90 international students, and many more local international community members, each year. COM has strongly-linked pathways to California's university systems. International students find the extensive ESL offerings and credit programs an outstanding way to begin their academic studies in the United States and fine-tune their English skills to better prepare them for degree completion.

COM's Intensive English Program

(IEP) is a vibrant language acquisition program offering courses taught by dedicated and skilled instructors. It offers a comprehensive curriculum where students learn language through cultural activities, fieldtrips, celebrations, and much more. In 2017-18, IEP welcomed 48 international students from 18 different countries including Kazakhstan, Brazil, Serbia, China, Switzerland, Colombia, and Vietnam.

Performing and Fine Arts

Students and community members take dance, drama, and music classes at COM because of the extraordinary learning opportunities. Instructional excellence and creative collaborations provide an ideal space for artistic exploration. COM captivates audiences with performances, exhibitions, and cultural events that are thought provoking and inspiring. There is something for everyone...every season.
